

Product oil Tanker
DWT: 4000mt at draft 5.85m
Class :BV Unrestricted Nav. area
BLT: China/New building
GT/NT 3100
Loa/lbp /beam/depth 94.4/88./0 7.6/ 15.4m
Cargo oil tanks 10 (including 2 slop tanks) Total Capa 4350 cbm
Double bottom& double hull
Service spd Abt 12.9kn at designed draft
Designed summer draft/scantling draft 5.65m/5.85m
M/E YANMAR/6N330-UN/ MCR 2207KW x 620r/min
Reduction gear box GWC52.59 Ratio 3.5251:1
Bow thruster electric motor driven FPP 200kw x 1set
Main generators CCFJ300-1800YPKCM 392KW x 3 sets(2sets for cargo pumps)
Oil-fired steam boiler vertical /pin tube type capa 3000kg/h pressure 0.7mpa
xhaust gas boiler smoke tube type capa 800kg/h pressure 0.7mpa
Cargo Pumps CSL-500/Tianjin,horizontal twin screw, capa: 485-530cbm/h Pressure 0.8Mpa spd
1800r/min x 2sets
Cargo oil piping materials mid steel with surrounding coating
Heating coils materials in cargo and slop tanks acid resistant stainless steel(AISI 316L)
Heating piping materials on deck seamless steel pipe covered with insulation materials
CCR to be provided including as follows:
Cargo tank sounding system/Temperature alarming system/Pressure measuring system
Valve remote control system/Gas detection system/ Oil discharge monitoring system
Cargo/gas sampling device
No IGS/COW to be provided
Coating in cargo tanks & slop tanks according to this tanker's practice and standard,epoxy special
coating shall be carried out according to buyer's requirement
Lifeboat free fall tanker version type x 1set
Hose handling crane electro-hydraulic Luffing jib and slewing tpye capa 1.5t x 1set

Delivery promptly

Further details will be given upon request with named firm interest.
